Looking for a professional document management solution for your business or institution that scales with your needs?

Surely you have already got a first impression of bitfarm-Archiv via the information on our website and our [videos](#). Maybe we could already give you a deeper insight into the software's possibilities during an [online presentation](#).

We would now like to invite you to a free and non-binding test of the bitfarm-Archiv Enterprise version in your own environment and on your own server. You and your users can get to know the DMS in peace and find out whether bitfarm-Archiv can be recommended for your wishes on the big topic of digitization.

*The offer is limited and only valid while stocks last - in this case available personnel. It is aimed at companies / institutions from four notified DMS users upwards, regardless of industry.

In addition to the bitfarm Archive Enterprise version, you will also receive the following services free of charge as part of this special offer, so that you can start the test period well prepared:

Analysis of requirements for ONE selected DMS topic (e.g. incoming invoice capture / workflow, contract management, legally compliant archiving of outgoing documents, etc.).

Server check, installation and configuration of the jointly developed scenario

Brief introduction to the administration and operation

Support within the trial period (Support max. 2 weeks)

What do you need to provide?

Client/server (test) environment with MS-Windows (supported versions), access via Teamviewer temporarily enabled (for installation/configuration/instruction and in case of support)

Competence in a company process to be mapped, interest and corresponding time possibilities

Feel free to use our offer and check the suitability of bitfarm-Archiv for your DMS projects now, free of charge and without obligation. [Contact](#) us now!
